PACTT – Serving Individuals with Autism

Help Chicago-area children, teens and young adults
with autism build meaningful lives.

2010 Work of Heart Award

Please join the PACTT Foundation as we honor

Recipient of the 2010 Work of Heart Award

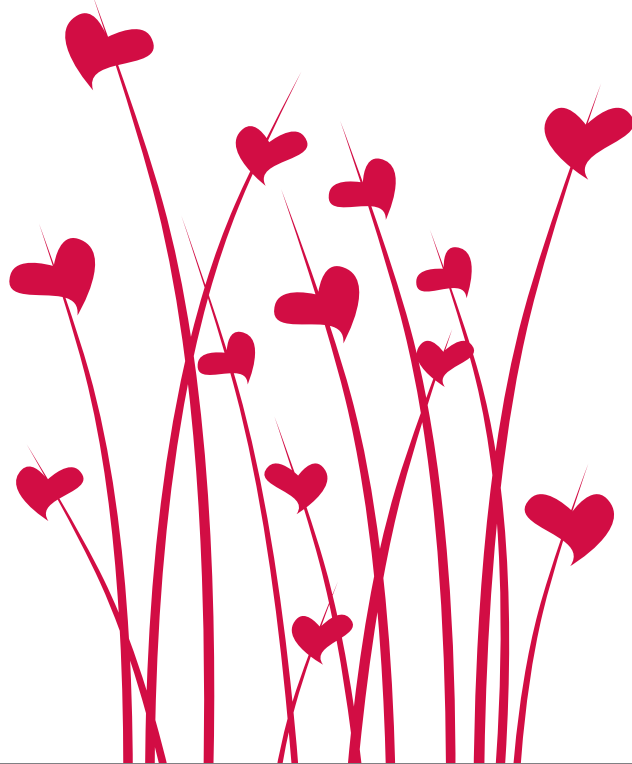

Ora Dental is a green dental practice that reflects a commitment to the well-being of patients, the community, and the environment. Drs. Steve Koos and Goran Kralj, along with their team, have demonstrated their "big heart" by providing pro bono services to PACTT clients who otherwise have limited or no access to dental and oral surgery care.

A simple visit to a health professional can be an overwhelming experience to someone facing the challenges of autism. On several occasions Ora Dental Studio has closed their offices to the general public and dedicated the entire day to providing services to PACTT clients. Their compassionate and giving service to PACTT is truly a "Work of Heart."

Thank you!

For making a huge difference in the health and well being of individuals with autism.
